## About Spaces contracting

### HISTORY

**Spaces Contracting** was established in 2000 Since then **Spaces Contracting** covered the design, supervision and management of variety of projects (cultural, commercial, medical projects, hotels, tourism, industrial, residential apartments and villas) as well as interior design projects.

### STAFF CAPABILITIES AND EXPERIENCE

Diversified experience in the creative design, supervision and project management activities. We are able to deliver superior products with the highest standard of quality and value which meets and exceeds our client's expectations. Very experienced in new construction methods, detailing and management techniques, which cut cost but maintain standards. Through training and experience our staff has an extensive experience in Jordanian, American and British design codes, building codes and construction methods. Moreover we are highly experienced in international codes of health and safety.

## About Us

**Spaces contracting** is a multi-disciplinary engineering contracting firm.

## MISSION

Our mission is to convert and implement your creative architectural and engineering systems that combine aesthetics with purpose, maximizing the value of our client's installations and investments.

## Values

SIMPLICITY  
AND  
CREATIVITY

**Spaces contracting** advocates attractive yet simple and functional designs, which combine aesthetics with purpose. We strive to enhance the environment by reflecting an image consistent with the building function and perception according to your designs.

QUALITY

**Spaces contracting** believes in achieving high quality buildings at the local and international level, where professional standing, technology, function, emotions and sense of beauty intertwine to produce a joyful and gratifying experience.

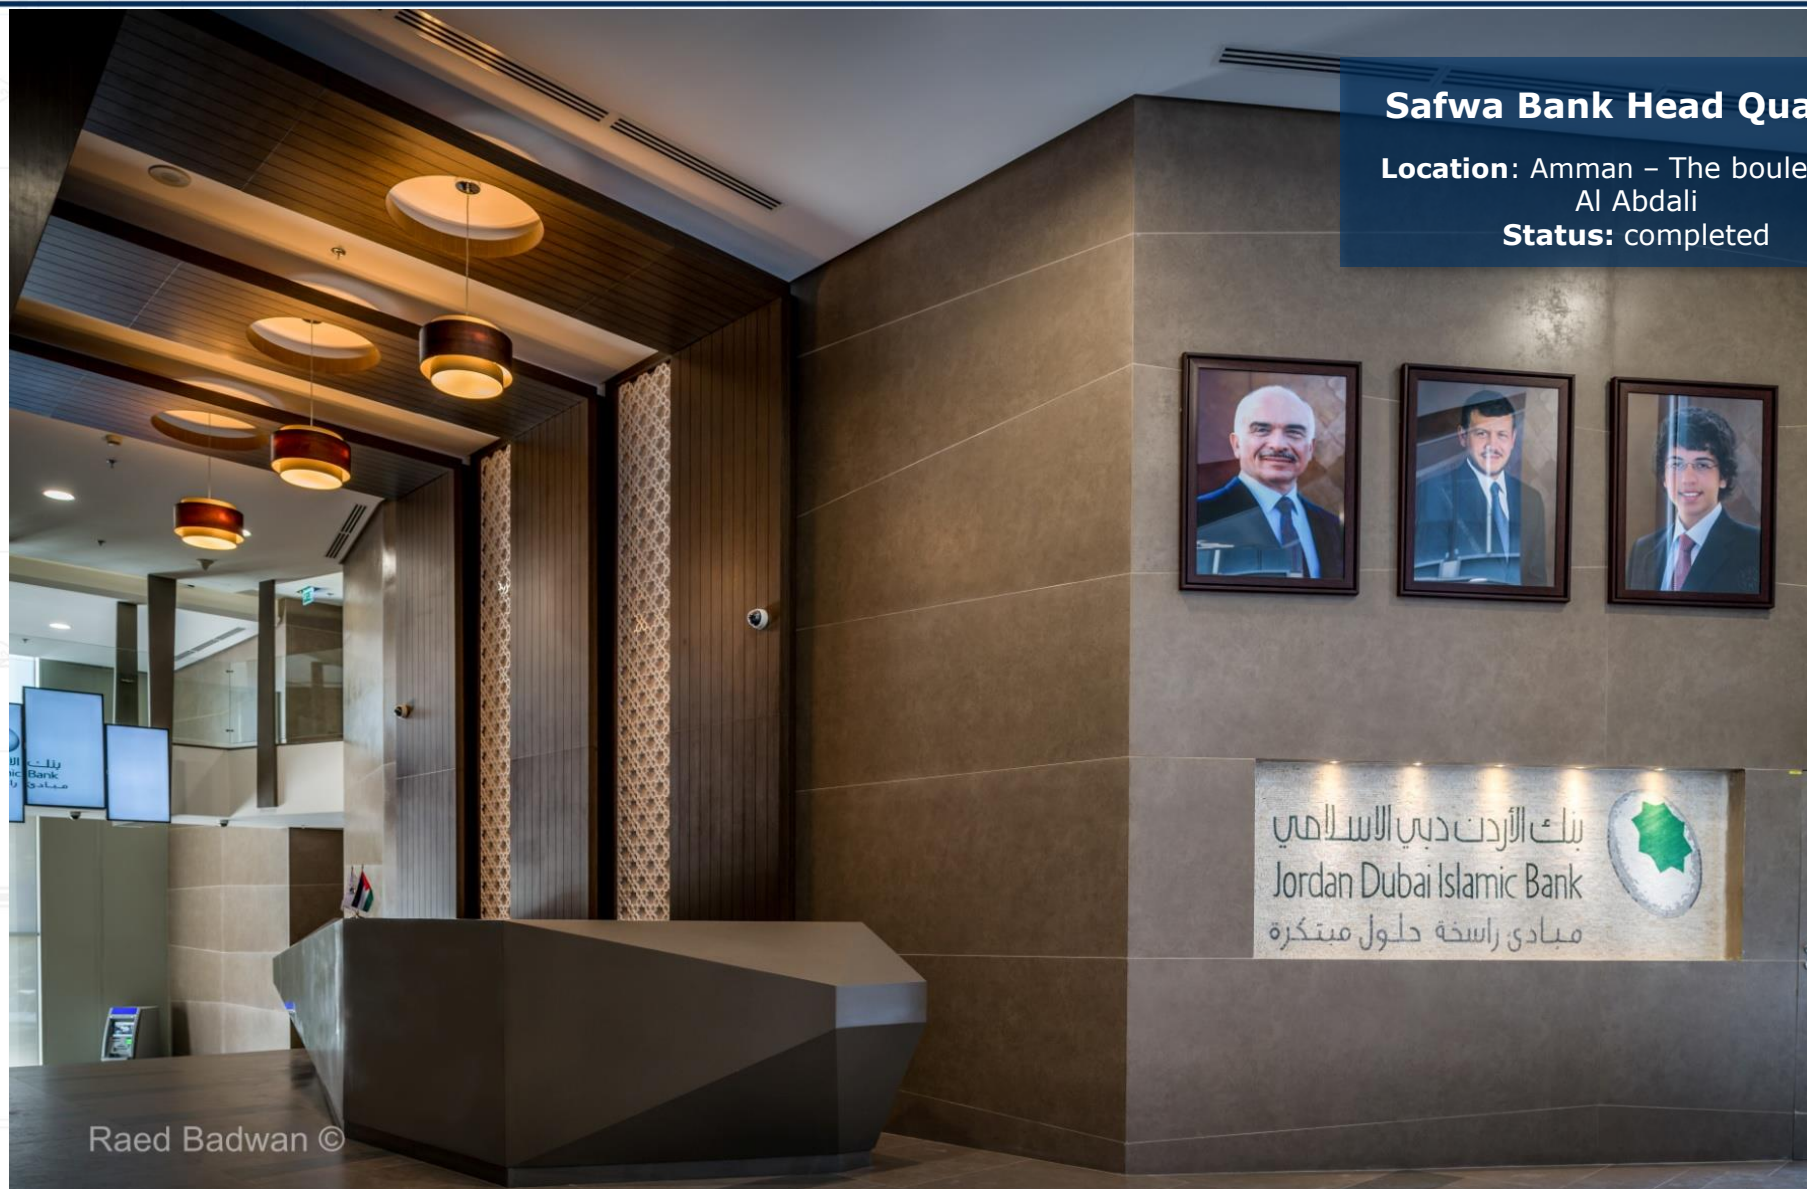

CREDIBILITY  
AND  
CLIENT  
SATISFACTION

**Spaces contracting** believes that architecture is the result of a prolific interaction between the client, architect, contractor and the site.

**Spaces contracting** is dedicated to total client satisfaction and to excellence and ethical conduct, respecting their wishes without losing any of the quality, maximizing the values of their installations and investments, as well as meeting and exceeding their expectations.
